(Laughing)  
Jam Blues Man

There you lay  
All by yourself  
So please allow me  
To introduce myself

I welcome you  
To the house of sin  
Open your mind  
Let the games begin, ooh

I'm your lust  
And I'm your greed  
I'm every sick thought  
That you ever done dreamed

Your eaten your cake  
And you want some more  
Mmm, where have I  
Heard that before?

Chorus:  
I am your  
I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing

Lyin' there  
You look so horny  
Talk is cheap  
And it's startin' to bore me

You hold me close  
You tell me it feels so good  
But damn, girl  
You know it would

Chorus:  
I am your  
I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing

Solo

Glad to have met you  
So pleased that you've come  
But I must be movin' on  
My work here is done

Best believe me you, child  
The pleasure's been all mine  
If you're in need, please do indeed  
Call me anytime

Chorus:  
I am your  
I am your  
I'm just your sexual thing  
I am your  
I am your  
I'm just your sexual  
Ain't nothin' but a sexual  
It's just a sexual thing

They got you medicated  
It's got you so frustrated

He caught you masturbatin'  
You better be fornicatin'

Well then you come with me  
I'm gonna set you free

It's just a sexual  
Ain't nothin' but a sexual  
It's just a sexual thing

What you've witnessed is a sexual fantasy  
Please do not try these tricks at home
