Listen up there's one thing I got to make clear, alright  
Search no more child, you want it I got it right here, oh  
yes I do

I don't know what you've been told, better use that  
thing before it gets old

Now I'm no stranger to what you're goin' through  
If you're willing to, I'll show you what true love can do

Chorus

Baby, tonight's when the whip comes down  
Hold on, I'll show you what love's about  
Tonight when the whip comes down

Kill the lights, that's when everything comes into view,  
oh yes it does

Take me down, let me wrong all the right out of you, oh  
yes I will

Let me rock you, let me roll you, then I'll show you what  
a whole lotta love can do

Chorus

Come on baby let me light your fire  
I'm burning up in your desire  
Come on baby take my hand  
I'll lead you to the promised land, dig

Solo

Baby, tonight's when the whip comes down  
Baby, tonight's when the whip comes down  
Baby, tonight's when the whip comes down  
Baby, tonight's when the whip comes down, down,  
down  
Show you what it's all about
