Are you crazy, man?
You didn't notice her?
You must be blind
It's all I do now
Just think about how
She will be mine

I couldn't stand up
I couldn't sit down
One look at her and I stumble around

One look at her
I get irrational
She ties my tongue
I saw her downtown
On a cloudy day
She brought the sun
She's not a part of the scene
She don't socialize
She does her own thing
She's ahead of her time
Just the right speed
She is staggering

I couldn't stand up
I couldn't sit down
One look at her and I stumble around
She is staggering
She is staggering

She's uncommonly heavenly
She is so rare
She's beautiful, exceptional
She doesn't care

I couldn't stand up
I couldn't sit down
One look at her and I stumble around
I couldn't get to sleep
And then I couldn't eat
She's all that I want

She is all that I need
She is staggering
She is staggering
She is staggering
She is staggering
