### "Another Pyramid"

Sad to say our mighty ruler  
Is not really in the pink  
Hopes could not be minesculer  
That he'll come back from the brink

Not to beat around the bush he  
Looks like heading for his box  
At the risk of seeming pushy  
We must plan for future shocks

According to the Hawk God, Horus  
Our most regal invalid  
Is not that much longer for us  
Build another pyramid !

Though all doctors and physicians  
Have been summoned to his bed  
It will soon be top morticians  
We'll be calling for instead

With each wheeze the nation's humming  
Egypt shakes with every cough  
No two ways about what's coming  
No discussion - bets are off

Soon our Pharaoh will have filled a  
Tomb just like his father did  
Summon Egypt's greatest builder  
Re: another pyramid !

We hate to depress the nation  
But our leader has been told  
He should scrub his next vacation \*  
Even put tonight on hold

This is where his loyal priesthood  
Has the chance to do him proud  
Holy leaders at the least should  
See him happy to his shroud

He must have a vault that's grand by

Any standards, floor to lid  
Put five thousand slaves on standby  
Build another pyramid !

\* Sting sings "He should cancel his vacation"
