Nuclear Waste - we don't want that
Nuclear Waste - we don't need that
Nuclear Waste - we've got to leave this Nuclear age
behind
In our time

A fast breeder breaks all the rules gives us something
for nothing -
That ain't true and who makes the profit? - not me and
you -
And who takes the risks? - we all do!

Nuclear Waste - we don't want that
Nuclear Waste - but we can't get rid of that
Nuclear Waste - you're hoping we'll get used to it
Nuclear Waste - I've had enough of it.

Do you find it attractive to be radioactive emitting
killing rays?
Splitting your atoms with a fission reaction transmitting
out of phase?

Strontium 90 Strontium 90 I wanna live to see 1999

There's enough energy in the air and in the sea
To give us power to live in Peace and Harmony
Nuclear Waste - we don't get used to your
Nuclear Waste - ultimate pollution
Nuclear Waste - produces mutation
Nuclear Waste - it's not evolution
Nuclear Waste - you know the solution
New Killer Waste - better active today
New Killer Waste - than radioactive tomorrow
New Killer Waste - need a cure for cancer?
New Killer Waste - need the real answer
New Killer Waste - fusion not fission
New Killer Waste - let me put your arms around your
Nuclear Waste - damaging my lettuces
Nuclear Waste - jamming my transmission
Nuclear Waste - damaging my vision
Nuclear Waste
