Turn on my vcr  
Same one Ive had for years  
James brown on the tammy show  
Same tape Ive had for years  
I sit in my old car  
Same one Ive had for years  
Old batterys running down  
It ran for years and years

Turn on the radio  
The static hurts my ears  
Tell me where would I go  
I aint been out in years  
Turn on the stereo  
Its played for years and years  
An otis redding song  
Its all I own

When the world is running down  
You make the best of whats still around  
When the world is running down  
You make the best of whats still around

Plug in my mci  
To excercise my brain  
Make records on my own  
Cant go out in the rain  
Pick up the telephone  
Ive listened here for years  
No-one to talk to me  
Ive listened here for years

When the world is running down  
You make the best of whats still around  
When the world is running down  
You make the best of whats still around

When I feel lonely here  
Dont waste my time with tears  
I run deep throat again

It ran for years and years  
Dont like the food I eat  
The cans are running out  
Same food for years and years  
I hate the food I eat

When the world is running down  
You make the best of whats still around  
When the world is running down  
You make the best of whats still around

When the world is running down  
You make the best of whats still around  
When the world is running down  
You make the best of whats still around
