(Verse 1)

Wake up at eight, on a school day  
So much for sleeping my life away  
Fall out of bed and on my ass  
Pray to god I'm late for class  
Out of the shower for a taste  
Of them good old frosted flakes, We're out GREAT  
Sit on the couch, Turn on the Tube  
My morning can't get worse, Nothing left to lose  
But I underestimate, The media  
and the crap, they choose..... to sell

(Prechorus)

It's rap all day, Hip hop all night  
Living this big city life  
And I try try try to keep it real  
But this homies bustin up my grill  
And they're getting all the best of us  
And they're killing all the rest of us  
All this Kanye West and Biggie Smalls  
How bout you all grow some balls  
(Cause I say)

(Chorus)(x2)

Let's tear this shit off the radio  
And play some good old rock and roll  
We'll play screamo all day, and punk all night  
And piss on pussy wanksters cause we're hella tight

(Verse 2)

Pack it up, Start for school  
They see me as a punk, I see them all as tools  
I take my pride in music, and they all just sell their  
souls  
The next hip thang, the fad that takes control  
Like crappy music, and ANYTHING BLACK  
I'm not cool cause I am white, Shut your mouth thats a  
fact  
Cause I take pride in music, and you just sell you soul  
To the next hip thang, The fad that takes control

(Prechorus)

It's rap all day, Hip hop all night  
Living this big city life  
And I try try try to keep it real  
But this homies bustin up my grill  
And they're getting all the best of us  
And they're killing all the rest of us  
All this T Pain and Sean Kingston  
What the hell can I believe in  
(In this World)

(Chorus)(x2)

Let's tear this shit off the radio  
And play some good old rock and roll  
We'll play screamo all day, and punk all night  
And piss on pussy wanksters cause we're hella tight

(Break)(x2)

I'm so cool, Cause I am black  
I'm so cool, Cause I smoke crack  
Talented, Cause I'm a ho  
and for putting on, such crappy shows

(Chorus)(x3)

Let's tear this shit off the radio  
And play some good old rock and roll  
We'll play screamo all day, and punk all night  
And piss on pussy wanksters cause we're hella tight
