Verse 1:

You think you can conquer
You think you can win
You think you can rule
With an iron fist
You don't really get it
You don't understand
You don't realize
That you are the man
Who takes all these familys
And tears them all apart
You send there boys to war
And break there mothers heart
You don't really get it
Sitting on your throne
That your now the tyrant
Who's to good to raise his tone, NOW

Chorus:

As we all fall down, we all crawl away
From the war, you led your lambs astray
Because of you, many lives were claimed
We all hope now, to see the next day, NOW

Verse 2:

The other day I saw
On the local news
Ten o'clock at night
Turned towards the cast and crew
Half on knees down crying
For the news they just recieved
One hundred soldiers dead
For your so called rightous deed
I can't seem to bare it
I fall down and cry
To all those killed in action
To stand and watch them die
I know it isn't true
I know it isn't right
So I'm taking up this platform
To stand and fight, NOW

Chorus:

As we all fall down, we all crawl away
From the war, you led your lambs astray
Because of you, many lives were claimed
We all hope now, to see the next day, NOW

Bridge:

All the mothers crying, for there damn loss
We don't need you, to tell us what to do
So now it's anarchy
So try to stop us now, o saint of misery

Chorus:

As we all fall down, we all crawl away
From the war, you led your lambs astray
Because of you, many lives were claimed
We all hope now, to see the next day, NOW

Chorus:

As we all fall down, we all crawl away
From the war, you led your lambs astray
Because of you, many lives were claimed
We all hope now, to see the next day, NOW
