(Verse 1)

Am I incomplete
Without a partner
Isn't it so sweet
How you're going out with him
I don't give a care
Who you're with
Whatever you do
Don't leave me again

(Chorus)

Am I wearing
A sign around my neck
No prodding, no poking
Just have to second guess
What i am
No ear or an eye
Don't ask why
Don't ask why

And it starts all up again

(Verse 2)

I hope you're happy
I really hope you are
I hope he is perfect
Your boyfriend of a scar
She's so perfect
Just like to let you know
I can't have her
It pains to let you know

(Chorus)

Am I wearing
A sign around my neck
No prodding, no poking
Just have to second guess
Where I am going
No eye or an ear
Don't come near
Don't come near

And we'll do it all again

(Verse 3)

What is love
Without the inefficiency
Go live your perfect life
In your perfect world of decency
While I am here alone
Standing on the bridge
While my perfect girl is out there
Just across the street.

(Chorus)

Am I wearing
A sign around my neck
No prodding, no poking
Just have to second guess
What I am
No ear or an eye
Don't ask why
Don't ask why

(Verse 4)

Her hand against my cheek
Her look when she gets pissed
Her smile that she wears
Her callused kiss
It's all up in my mind
Pure Imagination
It's killing me inside
This unreachable temptation

(Chorus)

Am I wearing
A sign around my neck
No prodding, no poking
Just have to second guess
Where I am going
No eye or an ear
Don't come near
Don't come near
