I took a backseat  
A backhander  
I took her back to her room  
I get back to the basics for you  
Oh, yeah

You gotta conscience, compassion  
You got a way with the word  
You gotta heart full of  
Complacency too

I don't have a purpose, omission  
I'm empty by definition  
I got a lack, girl  
That you'd love to be

Apart from everyone  
Away from your love  
A part of me belongs apart  
Of all of the hurt above

(CHORUS)  
I got a perfect way  
To make a new proposition  
I got a perfect way  
To make a justification  
I got a perfect way  
To make a certain maybe  
I got a perfect way  
To make the girls go crazy

I took a day job, amendment  
I took a liking to you  
I took a page out  
Of my rule book for you

You wanna message, a confession  
You wanna martyr me too  
You wanna margin of error for two

Maybe tomorrow, the next letter  
Or when the weather gets better

I've got to wait here for  
Your moon to turn blue

I made an offer, an exception  
I made a sense out of you  
You took a good look  
At your book but I knew

In times of tenderness  
In terms, baby, so true  
Until such times as  
I can understand all the  
Things that you do

(CHORUS)

Want to forgive you for  
All the things that you do  
Wanna forget how to  
Remember with you

Maybe tomorrow the next letter  
Or when the weather gets better  
I've got to wait here for  
Your moon to turn blue

Apart from everyone  
Away from your love  
A part of me belongs apart  
Of all of the hurt above

I got a perfect way  
To make a new proposition  
I got a perfect way  
To make a justification  
This is a perfect way  
To make a certain maybe  
This is a perfect way  
To make the girls go crazy

A perfect way  
A perfect way

I got a perfect way  
A perfect way  
I got a perfect way...
