Born in a coffin with lipstick on your cheek  
I can't look away, I can't look away  
Where have you been all night  
Your eyes are swollen shut  
You can't see a thing now, can you?

Valley girls in love with the decadence  
Blindfolded, purging up the vanity  
A kiss like a near death experience  
Sitting in the backseat of a daddy's car  
Oh, yeah.

Buy the ticket, buy the ticket  
Take the ride  
On the long strange trip to paradise  
Buy the ticket, buy the ticket  
Take a ride  
The pleasure's yours and the pain's all mine

Rosemary's baby's rockin' in the cradle  
Eyes wide and staring like she's hypnotized  
Jacob's ladder is leaning up against the wall  
Every time I try to climb it, I fall

Valley girls in love with the decadence  
Blindfolded, purging up the vanity  
A kiss like a near death experience  
Sitting in the backseat of daddy's car  
Oh, yeah

Buy the ticket, buy the ticket  
Take the ride  
On the long strange trip to paradise  
Buy the ticket, buy the ticket  
Take the ride  
The pleasure's yours and the pain's all mine

Looking at you now, I see you  
You're barely breathing  
Yeah, you're barely breathing now  
You're barely breathing  
Yeah, you're barely breathing now

Peggy Sue what the hell's gotten into you  
Call 911 for the 666, yeah  
Call 911 for the 666, yeah

Dancing with the devil's wife  
Begging her to take your life  
Vapid little vampires is all staring at my jugular  
We've made the nightly news  
And there's no way that we can lose  
Smiling slave all dressed in leather  
What's your poison? What's your pleasure?

Buy the ticket, buy the ticket  
Take the ride  
On the long strange trip to paradise  
Buy the ticket, buy the ticket  
Take the ride  
The pleasure's yours and the pain's all mine

Looking at you now, I see you  
You're barely breathing  
Yeah, you're barely breathing now  
You're barely breathing  
Yeah, you're barely breathing now  
Peggy Sue what the hell's gotten into you  
Call 911 for the 666, yeah  
Call 911 for the 666, yeah

Mascara's running in a marathon  
Palm reading hands across America  
Sleep tight, loose lips are sinking ships  
I'd kill just to be in your arms again
