Red moon rising  
Behind the clouds  
My nose to the wind  
When hunting you down

Thin skin translucent  
Blue veins seducing me  
To take you where  
We will live forever

Teens aspire  
To become vampires  
I don't blame you  
In fact I abhor you

Suck you dry, we feed at night  
Barely legal, I don't mind  
Hit me baby one more time  
Parasite, I'm open wide  
In the twilight of our discontent  
We've shape shifted  
And the changes are permanent

I have come to suck you dry

Immortal now  
Avoiding the light  
Run like hell  
We feed at night

Teens aspire  
To become vampires  
I don't blame you  
In fact I abhor you

Suck you dry, we feed at night  
Barely legal, I don't mind  
Hit me baby one more time  
Parasite, I'm open wide  
In the twilight of our discontent  
We've shape shifted

And the changes are permanent

I have come to suck you dry

Behold, set forth  
Like sheep among the wolves

Behold, set forth  
Like sheep among the wolves

Headless preacher with arms swinging wild  
Cold heart empty like a motherless child

With every tooth knocked out  
With every vein collapsed  
With all your pulsating fear  
We'll live forever here

We'll live forever here!

Suck you dry, we feed at night  
Barely legal, I don't mind  
Hit me baby one more time  
Parasite, I'm open wide  
In the twilight of our discontent  
We've shape shifted  
And the changes are permanent

Suck you dry, we feed at night  
Barely legal, I don't mind  
Hit me baby one more time
