

Polkadot Cadaver "Brainwash"

Visit "[Brainwash](#)" on MotoLyrics.com

Your fragile eyes brainwash the weak
Remaining silent so to speak
Your dizzy head and weakened bones
Play funeral dirges in skeletons (skeletons)

Brainwash my head
To clear away all the lies
That I've been forced and fed
What could have been?
What could it be?
That you saw inside of me
That you would ever give me your love

I believe the fact that God worships you
Is going straight to your head
I'm dying to feed on your disease
(And I swear I heard you say)
Drive through to the next window please
Drive through now

Brainwash my head
To clear away all the lies
That I've been forced and fed
What could have been?
What could it be?
That you saw inside of me
That you would ever give me your love

Brainwash...

All these days fade into gray
As this dying love decays
Inside this cold lobotomy
No brain activity
I'll turn to stone if I look your way
I can't look away
The sun won't shine a single ray
As we eclipse the apocalypse

I've got news for you now, sugar,
You're a real fuckin' heartbreaker
But before I lay down and die

Oh, I've got a big surprise
So go and hold out your hands
And close your eyes real tight
There will be no forgetting tonight
This is the moment of my demise
Take my heart here, wrapped in velvet
I don't need it anymore
Talk it's cheap but I know you're listening
I don't want to feel anymore
Sinking like a pirate on a sea-grave ship of fools
You know I'm a fool for you
I'm a fool for you (x2)

Brainwash my head
To clear away all the lies
That I've been forced and fed
What could have been?
What could it be?
That you saw inside of me
That you would ever give me your love

Everybody's singing now!

All these days fade into gray
As this dying love decays
Inside this cold lobotomy
No brain activity
I'll turn to stone if I look your way
I can't look away
The sun won't shine a single ray
As we eclipse the apocalypse
