I've had it with this life of crap  
There's no one who I can trust  
I'm not happy with this life of crap  
It's gonna be a total bust  
There's no purpose to this life of crap  
I'll wind up dead in the end  
You can't help me through this life of crap  
I don't need a single friend  
Late at night when I'm not sleeping  
Eyes wide open waiting for that girl  
The one who used to be such a part of me  
Even now I still need to defend  
That she's not one of them  
You'll find numbers in this life of crap  
But I know your not the one  
To get caught up in my life of crap  
I bet your conscience must weigh a ton  
Late at night I get this feeling  
Can't think straight  
Cause I just don't feel safe  
I can't articulate  
I'm cracking from the weight  
And still I'd gladly give it all  
Just to hold hands in the mall  
Who ever told you that things would be great  
Who ever told you that things would work out  
Well whoever told you they told you a lie  
I used to think it could  
I used to think it would  
But that was when I had you  
And now I don't  
And everything that I've got left is just a bunch of crap  
I got no use for other people  
They all suck I don't want anyone else  
This senseless waste of life is worthless without you  
And your heart  
And I don't know what to do without you  
To tell me that one day  
Things will be ok  
Cause they won't  
And I don't know if I wanna do it without you

I can't make it through this life of crap  
Cause I don't have a reason to
