I believe I fell from above  
Primed and ticking for your love  
I believe I could rub you right  
Handle all of you day and night  
I believe I could stretch your hope  
Widely as a mercy float  
Come on, baby, give me your time  
I've seen it in the stars, you're mine  
I believe my days will end with you  
It's true  
I'm too young and I'm too strong  
Get my blood up when I'm gone  
Nothing baby's too big for me  
Take me from his company  
I could take you to heaven's heights  
Trust me, baby, I'll rub you right  
I don't eat, I don't need to sleep  
Burning desire's enough for me  
I believe my days will end with you  
It's true  
I think I'm ticking  
I think I'm ticking  
I'm primed and ticking  
I think I'm ticking  
I believe my days will end with you  
I do  
I believe my days will end with you  
You look at me like I shot your dog  
Venus really the God of love  
Don't you turn your back, beauty queen  
Remember how I watched you glean  
I could stretch your wildest oats  
As widely as a mercy boat  
You gorgeous stack of pancakes, you  
You're going nowhere 'till I'm through  
I believe my days will end with you  
It's you  
I believe my lonesome days are through  
It's you  
I think I'm ticking  
I think I'm ticking

I'm primed and ticking  
I think I'm ticking  
I believe my days will end with you
