I hate the way I cry when you say you miss me
But I love the way you hold me when I sleep
I hate the way I bleed each time you kiss me
But you say 'hey sleeping beauty go back to sleep'

We had pennies in our pockets
We had hope in our eyes
He said 'girl you got a million different faces
So why'd you put on that disguise'
Well take what you want cos I've got nothing
Pass me some pills and I'll go to bed
But, however much I toss and turn I feel a dark place up
ahead

Some nights I just sit back and I remember, I just
remember
Before it all got lost up in the mess
He said 'not all men are bad and I'm not like your dad
And I will hold you even though you're slightly mad
Cos I am not a man who will ever break you'

We had pennies in our pockets
We had hope in our eyes
He said 'girl you got a million different faces
So why'd you put on that disguise'
Well you can take what you want cos I have got nothing
Pass me some pills and I'll go to bed
But however much I toss and turn I feel a dark place up
ahead

Do do do do do do do do
My doctor said I got to sing a happy tune
Do do do do do do do do
I didn't do what my body gave up to soon
Do do do do do do do do
You know what, I am just fine till I'm on my own
Do do do do do do do do
And didn't do do do
Somebody please call home

I hate they way I tremble when you touch me
You're like a needle slowly piercing my skin

I hate the way my stomach aches
And I really hate these loveless mistakes
Cos I'm screaming for my rock who
Never picks up, why do you never pick up?

We had pennies in our pockets
We had hope in our eyes
He said 'girl you got a million different faces
So why'd you put on that disguise'
Well ou can take what you want cos I have got nothing
Pass me some pills and I'll go to bed
But however much I toss and turn I feel a dark place up
ahead

Do do do do do do do do
My doctor said I've got to sing a happy tune
