Just a little just a little too late
He said I made the biggest mistake
And I never ever ever ever meant to cause you harm
And then she said darling you don't understand
It was the black sambukas and it got out of hand
And I really don't remember which side of the bed I got
up on
And no I forgotten

So it can't be real
No it can't be real
If I close my eyes then maybe, I wont feel this
It can't be real
No it can't be real
If I close my eyes then maybe, I wont feel
I'm an other too endless so do you think I should end
this

And you lie lie lie and now you want me back
Because you die die die if you don't get that
And everybodys off the pills, their playing games,
Drawing pictures in my mind trying to feel my pain

Well it can't be real
No it can't be real
If I close my eyes then maybe I wont feel this
It can't be real
No it can't be real
If I close my eyes then maybe, I wont feel
I'm an other too endless
So do I think I should end this

And I will always bring you lots of 'Do you good' soup
Because I am
Because I am kind
And I will always share with you a few good memories
Cos I am loveblind
And I will gave you my body and with it
And said I meant it
And you have me forever and with it I'm still trying to
vent it
And that hurts, I give up

It can't be real
No it can't be real
If I close my eyes then maybe I wont feel this
It can't be real
No it can't be real
If I close me eyes then maybe I, I wont feel
I'm an other too endless
So do you think I should end this

It can't be real
No it can't be real
If I close my eyes then maybe I, I wont feel this
It can't be real
No it can't be real
If I close my eyes then maybe I wont feel
I'm an other too endless
So do you think I should end this
