Fire dies, love and laughter  
Cheap thrills ever after  
In the end we lost our heads  
Forget every word I just said

Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.  
Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.

And I woke up in your bed  
Covered in your roses red  
And there's money in the liquor jar  
Wished upon a falling star

Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.  
Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.

With the open road ahead  
I stayed in your bed for a night.  
With the open road ahead  
Don't believe the lies we are fed.

In the background of a battlefield  
I can hear a synthesizer  
And I can hear drums  
And when I shut my eyes I can hear an orchestra  
playing

Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.  
Wanderlust, wanderlust  
Following my feet as I keep dancing  
Down this endless street.
