You can break our bodies,  
But our will, it just cannot be broken,  
Still you hide behind these barricades,  
You will never know.  
Just how it feels when the air's stinging your eyes,  
Watching your friends fall by your side,  
Dragged off and locked away for their beliefs.  
For their beliefs!

What do you see behind these barricades? Barricades!  
Afraid to set us free behind these barricades.  
Our solidarity... Barricades! Barricades!  
My thoughts are the enemy behind these barricades.

You just want to hurt me,  
I just want to be heard.  
Killing freedom of speech,  
What happened to protect and serve?  
Protecting corporate interests,  
Serving politicians.  
You can break my body,  
But you can't break the unity behind these barricades.

You can break our bodies,  
But our will, it just cannot be broken,  
Still you hide behind these barricades,  
You will never know.  
Just how it feels when the air's stinging your eyes,  
Watching your friends fall by your side,  
Dragged off and locked away for their beliefs.  
For their beliefs!

What do you see behind these barricades? Barricades!  
Afraid to set us free behind these barricades.  
Our solidarity... Barricades! Barricades!  
My thoughts are the enemy behind these barricades.

You just want to hurt me,  
I just want to be heard.  
Killing freedom of speech,  
What happened to protect and serve?

Protecting corporate interests,  
Serving politicians.  
You can break my body,  
But you can't break the unity behind these barricades.
