Everyday i listened to you and nothing's ever good
enough and you have no respect for my opinion well at
least i think for myself i'm not brainwashed you're
always complaining about something you act so
goddamn tough but all you ever do is let someone do
your thinking for you to think like people that rule i'm
not a pool and i'll rise i wont compromise but the words
that come out aren't yours they're someone elses and
i'll never give up, i won't walk walk walk away you talk to
me i see your lips move there won't be another day
when i can say hey hey hey... freedom you dangle from
their strings beneath the wings we've had enough your
laws just benifit you and we'll rise with battle cries and
we'll never give up of the eagle you push but i'll never
fall i'm not the only one whose willing to stand up.. we
watch you get richer as we get sicker
