You can kill from so far away,  
Analyze, edit and display  
You images of death with a spin, and decay  
My hopes for a better day.

I can see you're in control,  
Abusing what you hold.  
Authority is bought and sold,  
Suffocate the truth, we breathe the lies you've told.

So you send the kids off to war, (Not yours)  
Once again the rich kill the poor.  
Don't wanna kill (Kill!), fight (Fight!),  
Or die for you.  
Safe inside your big glass towers,  
Sending kids out to be devoured.  
Don't wanna kill (Kill!), fight (Fight!),  
Or die for your war machine.

You can kill from so far away,  
Analyze, edit and display  
You images of death with a spin, and decay  
My hopes for a better day.  
I just wanna breakaway,  
I wanna break you one day  
And everyone who blindly obeys  
The things you do and the lies you say.

So I can see you're in control,  
Abusing what you hold.  
Authority is bought and sold,  
Suffocate the truth, we breathe the lies you've told.

So you send the kids off to war, (Not yours)  
Once again the rich kill the poor.  
Don't wanna kill (Kill!), fight (Fight!),  
Or die for you.  
Safe inside your big glass towers,  
Sending kids out to be devoured.  
Don't wanna kill (Kill!), fight (Fight!),  
Or die. Don't wanna kill (Kill!), fight (Fight!),

Or die. Don't wanna kill (Kill!), fight (Fight!),  
Or die for your war machine.

I'm looking for a brand new day,  
With a fist in the air the kids all say:  
War machine breakdown.

I just wanna breakaway,  
I wanna break you one day,  
War machine breakdown.

I'm looking for a brand new day,  
With a fist in the air the kids all say:  
War machine breakdown.

I just wanna breakaway,  
I wanna break you one day,  
War machine breakdown.
