Been caught in the middle
been looking out for something
it i try just a little
it'd be purely for nothin

you know you better believe me -
- believe me
as long as i'm breathing
this girl ain't goin down
ain't gonna go easy easy
nobody's geting out
don't wanna go easy easy

i been flying above it
you want to try to forget your name
ya been looking outside your window,
no - when, you say no, (well)
you can't stop and i don't -
really don't - remember the way

you know that i don't need it--
-- need it
as long as i'm breathing
this bitch ain't goin down

let me down slow
let me down sweet
but go easy easy
nobody's getting out
let me down slow
let me down sweet
just go easy easy

i could break this hope
i could shake this rope
i could take a hold of
the wheel or... let it go

easy easy
ah let me down slow
let me down sweet but go
easy easy

nobody's gettin out
it's not what you know
know what i mean

it's so easy easy
ah it's not what you know
know what i mean it's so
lemme down easy,
oh as long as i'm breathin
easy - believe me - easy

what if your life depended on it
