I'll be your part-time prima donna  
I'm available and free  
So come make love to me

A little entertainment... for a little while  
You know that a miracle would be  
A one night love eternally  
Oh, a one night love would surely be...  
A miracle

CHORUS  
Miracle Maker  
Make it a miracle  
Miracle Maker  
Why don't you make it a miracle?

If you would only dare a lovely love affair  
It wouldn't change your style  
A lovers love would make it all worthwhile  
(Tell me when the play begins) or don't explain  
But you know that a miracle would be  
A one night love eternally  
Oh, a one night love would surely be...  
A miracle

CHORUS  
Miracle Maker  
Make it a miracle  
Miracle Maker  
Why don't you make it a miracle?

BRIDGE  
Take this rendezvous that I offer you  
'Cause nothing is for certain  
Turn down the lights (turn down the lights)  
I'll show you how (I'll show you how)
