Chaos in mission control  
I'm being followed wherever I go  
Somebody's wearing my clothes  
My mirror image is starting to show

I've been in and out  
Had my turnabouts  
Baiting the hook that broke on...  
On neutral ground

CHORUS  
I'm the leader of the two-track  
I'm going through Stereo Madness  
I'm not a mono-maniac  
Had enough of this Stereo Madness

And someone lives on the fringe  
And one who's left has come back again  
Who thinks I'm taming the shrew  
When I'm involved in a dual rendezvous?

I've been up and down  
Had my turnarounds  
Wasting advice to fuse  
A few of us

CHORUS  
i'm the leader of the two-track  
I'm going through Stereo Madness  
I'm not a mono-maniac  
Had enough of this Stereo Madness
