Like a rose
I return to the garden
I suppose...
You're bought to be sold

Even though my body's cold
Even though my body's cold
Ain't prepared to be re-souled
Don't you dare because my body's cold

It's just like a toy soldier trying to turn a new leaf over
Two plus two don't always make a four-leaf clover (I...)
Don't wanna leave and I suggest we better talk it over
(Over)

CHORUS
(Talk It Over)
Talk It Over (turn a new leaf over)
Oh i think we better Talk It Over
(Talk me over)
Turn me over (turn my body over)

Once you've traveled on the road to China
Leaving all your worldly goods behind ya
Wise man will be waiting to remind ya
And the truth will surely blind ya...

It's just like a toy soldier trying to turn a new leaf over
Two plus two don't always make a four-leaf clover (I...)
Don't wanna leave and I suggest we better talk it over
And I think we better talk it over!

CHORUS
(Talk It Over)
Talk It Over (turn a new leaf over)
Oh i think we better Talk It Over
(Talk me over)
Turn me over (turn my body over)

You coulda struck me dead when someone said
You coulda struck me dead when someone said
It's over...
