Someone told me to call
So I did and
No one answered

And I don't hear a sound
But I know that
someone's laughing

I'm trying hard to keep my confidence
You take advantage of my innocence

CHORUS

Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer

No one knows you, what you go through... oh but i do
Phone keeps ringing... no one knows what you're
thinking,
Oh but i do, i do, i do

They were laughing at you
And I held out my hand
I was trying to get through
Without losing again

CHORUS

Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer

What's that you say? I can't hear you
Are those words meant for me like they appear to be?
The tension in my voice awakes you

You know who I am but my name escapes you

They were calling for you
And you started to run
If they asked about you
I wouldn't tell anyone

CHORUS

Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer
Wait For An Answer

BRIDGE

The kind of woman I am
I do things that you can't understand
But there are moments when you can read the lines on
my face
Don't look at me now, look at me now
Look at me now!

CHORUS

Where are you?
How are you?
I Wait For An Answer
Wait For An Answer
It's been so long, I'll hold on
And Wait For An Answer
Wait For An Answer
You make me wait
You make me wait

Someone told me to call
