Johnny don't leave me
You said you'd love me forever
Honey believe me
I'll have your heart on a platter
Might you recall (ahhh)
We've got a small family business (business)
And the family won't like this

They'll bust your knee caps
Ohhh wop de do wop de do
They'll bust your knee caps (bust your knee caps)
Ohhh wop de do wop de do

Johnny you told me
You were no fool, you were no chump
Then you got cold feet
Now all you'll be is a speed bump (speed bump)

Something we call (something we call)
Oh just a small family business (business)
And the family won't like this

They'll bust your knee caps
Ohhh wop de do wop de do
They'll bust your knee caps
That's what they're going to do

Johnny there's still time
Together I know, we'd go so far
I'll tell Uncle Rocko
To call off the guys with the crowbars
You call it crime
We call it smart family business (business)
And the family is famous

(They bust up knee caps)
(They really do)

Bust your knee caps
Ohhh, Bust your knee caps

It's such a shame
That you became such an issue (issue)
Oh dear Johnny I'll miss you

They'll bust your knee caps
That's what they're going to do

They'll bust your knee caps
Ohhh and some other stuff too

They'll bust your knee caps
Ohhh wop de do wop de do

They'll bust your knee caps
Ohhh yeah they're coming for you

Bust your knee caps
Ohhh, Bust your knee caps

Bust your knee caps
Ohhh, Bust your knee caps
