You need a birthday  
So happy birthday  
Again, Again, Again

You need a birthday  
So happy birthday  
Again, Again, Again

You take the backseat at the table  
And now your whole lives a fucking fable  
And you thought you had only one  
But you really had a handful

Pastime endeavor, won't last forever  
It's all up to you  
I'll wait for you to move  
Make the first move  
But you never do

I keep my mouth shut  
This secrets well kept  
Pretend, Pretend, Pretend

Now I've been dying  
Now I'm laughing to death  
I wanna make you so mad about me  
But you're always an inch out of reach

You can take all that you see  
Just don't ever give it back to me  
Waking obsession  
Won't learn my lesson  
I tell this to you  
I'll wait for you to move  
Make the first move

Pastime endeavor, won't last forever  
It's all up to you  
I'll wait for you to move  
Make the first move

I'll wait for you to move

Make the first move  
But you never do  
You never do, never do, never do, never do  
You never do  
You never do, never do, never do, never do  
You never do
