Yeah
you're funny
yeah
you're cute but
let's move on that's
all been proven.

if
i left you
wouldn't miss me
i don't care shut up
& kiss me.

let's be clear on what we're doing
not aware of what you're losing
i am sorry that you're stupid
i can't be your fucking cupid.
wanted not to want my dreaming
want to stop this constant scheming
when i sleep you're always there
i wake up 'cause i'm kissing air.

yeah
you're funny
yeah
you're smart but
let's move on that's
where we started.

if
i left you
wouldn't miss me
i don't care shut up
& kiss me.

yeah
you're funny
yeah
you're cute but
let's move on that's
all been proven.

if
i left you
wouldn't miss me
i don't care shut up
& kiss me.

i know that this is strange & new
i'm like a girl that's just like you
so just calm down & don't resist
i can't be soft enough to kiss.
yeah i'm precious
yeah i'm cute
just pat my head & keep on moving
going home, you won't miss me
i don't care shut up & kiss me.

yeah
you're funny
yeah
you're cute but now
i'm wishing you
were stupid.

i
don't wanna think
right now so
let's be dumb i'll
show you how.

yeah
you're funny
yeah
you're cute but
let's move on that's
all been proven.

if
i left you
wouldn't miss me
i don't care shut up
& kiss me
