See how close I can get
to keep myself from getting wet
parade me around
don't let me let you down
I've got dirt on my shoe
tell me what I'm gonna do
parade me around

give my beat box a squeeze
bring me back to life
get me off of my feet

give me a reason
send me a postcard
tell me a story
why are you so far
i'm cramming for nothing
i'm pushing on buttons
tell me why
you're fooling no one

crawl out the window
make my way down the brick wall
you don't have to be there
to catch me I won't fall

now I'm sleepwalking
but I'm fooling no one
hang in the alley
take cat naps from now on

sleep for days don't ever change
you'll be here in the morning
just to hear me say
