Hey, there...you think i'm coming
You think i'll be there...
(you didn't eat enough fruit)

You think I will be there,
when you look for me
(look for me)
But you are just...
Farting around, it seems!
(Oh, it seems!)

I might come out, just
give me a little time
Eat an apple
And wait a bit
good things come
along with s**t

You think I will be there,
when you look for me
(look for me)
But you are just...
Farting around, it seems!
(Oh, it seems!)
