Hey, there...you think i'm coming  
You think i'll be there...  
(you didn't eat enough fruit)

You think I will be there,  
when you look for me  
(look for me)  
But you are just...  
Farting around, it seems!  
(Oh, it seems!)

I might come out, just  
give me a little time  
Eat an apple  
And wait a bit  
good things come  
along with s\*\*t

You think I will be there,  
when you look for me  
(look for me)  
But you are just...  
Farting around, it seems!  
(Oh, it seems!)
