Teachers study what is spoken through the speaker.

Weaker preacher there's no need for manifestin'.

I'm the star soul controlin' all within the solar.

Poor... So I'm a righteous teacher from the heart.

Praise your god. All praises due to Allah.

Seven star the holy intellect being taught.

Grab a hold I'm not here to promise any gold.

Lessons told the story about a trader of that type.

I tell this mic that I'm not here to feed your fantasy
cuzz that ain't right.

I guarantee ya everlasting life...Mentally.

The holy intellect is infinite.

Have more sense ??????????????????

I destroy ya any man that possesses ???????

then watch his brain cells boil.

When I say holy first I must be speaking upon the
mental.

My temple.

Where might I stay within Divineland?

Gods steppin' up to me say "G ya have to understand

you gotta do dis like a Blackman" . Mmmm...
So I take this into consid'
call upon the intellect to create what I did.
Ghetto! Stay strictly ghetto is my motto
I got em trying to place me as a role model.
Should one say role model? or should the term be
example?
Of a wise black leader speaker
Some say poor righteous teacher weaker people don't
all ways agree.

Poorly Righteous Teachers droppin' Holy Intellect.
Givin' you da best what I may protest

Verse 4
[Wise Intelligent]
I work hard gonna slip to fall victim,
Stick dem which tend not to shine.
Blind anyone that laughs at my kind.
Why? Because PRT is holy as the mind.
Check What one must do to come next.
Let's show holy intellect.
Thoughts created from the crescent of the brain cell.
Fell deep into this mic that I be holding.
I told them PRT is always soul controllin' .
They laugh but listen to the lessons I be born I'm the
teacher
Or am I subjected to the negative no.
It's amazing how my thoughts can be wrote to perform.
[Culture Freedom]
Pardon may I ask what's going on?
[Wise Intelligent]
Word is bond the Wise is making knowledge born.
Now I say yes or should one say 'Y' equals to himself Y
equals self
I'm born to be the oposite ??????flow
