You hurt in my mind  
And you burst in my soul  
You never never love, never never love  
And each time I cry  
And my heart is so cold  
It's never never love, never never love

(Chorus)  
Never never love love love  
Never never love love love  
All the time  
Never never love love love  
Never never love love love  
All the time  
Don't mind

(Verse 2)  
I've got to let you in  
And I've got to get you out  
You never never love, never never love  
Lyricsthought once that I found  
But my baby let me down

I never never love, never never love

(Chorus X 2)

Calling you up from night til dawn  
Calling you up cause love is gone over me (wooh! )  
Calling you up from night to dawn  
Calling you up cause love is all over me  
Over me yeah yeah babe

You hurt in my mind  
And you burst in my soul  
You never never love, never never love  
And each time I cry  
And my heart is so cold  
It's never never love, never never love

(Chorus)

I wanna say it again!

(Chorus)
