It hurts when you look at me that way
it scares me to hear the things you say
Cos god only knows what I would do
If I had to live life without you

I see the sadness in your eyes
and i know i should have spent more time
cos god only knows i'd be a fool
yes i would
To think there'd be someone else like you

So i'm here to say
how i feel right now

I'd move heaven and earth for you
Whatever you ask me to
Baby believe me
You're like the air i breathe
I'd be no one without your love
and the world wouldn't mean that much
Can't you see you're everything to me

I know that sometimes feelings change
but here in my heart i'm still the same
cos god only knows my love is true
and i want to share my life with you

So i'm here to say
how i feel right now

I'd move heaven and earth for you
Whatever you ask me to
Baby believe me
You're like the air i breathe
I'd be no one without your love
and the world wouldn't mean that much
Can't you see you're everything to me

you're everything to me
just like the air i breathe
i need you here with me
don't make me feel this way

you are the song i sing
promise you'll always stay

I'd move heaven and earth for you
Whatever you ask me to
Baby believe me
You're like the air i breathe
I'd be no one without your love
and the world wouldn't mean that much
Can't you see you're everything to me

you're everything to me
