Verse:

You're not like the other boys
Always braggin' bout the things they gonna do
You don't need to play that game
And that's the reason why I wanna be with you
And now we took a taxi cab
It's too late for turning back tonight

Chorus:

This is serious
And I can't wait until we get home
Yeah I'm delirious
No I can't wait until we're alone

Verse:

I used to see you on the street
So many times I tried to catch your eye
Now you're here
And it feels like a dream
Being with the girl
Who used to pass me by
This is as good as it can get
And I know I won't forget tonight

Chorus:

This is serious
And I can't wait until we get home
Yeah I'm delirious
No I can't wait until we're alone

Bridge:

And when you're lying next to me
There's no where else I'd rather be
The only thing I wanna do
Is keep on makin' love to you

Chorus:

This is serious
And I can't wait until we get home
Yeah I'm delirious
No I can't wait until we're alone

This is serious
And I'm delirious
And I can't wait until we get home
This is serious
And I'm delirious
And I can't wait until we're alone
