always understanding  
very solid planning  
not today and not tonight  
and not tomorrow  
just for the occasion  
put a happy face on  
tv off and maybe  
we can fill the void  
catch a phrase and make it  
magnify and fake it  
dream about the ones you'll be with  
in the future  
ever so annoying  
get around to nothing  
for nothing is  
and nothing was  
and nothing will be  
we'll put on our own show  
together or solo  
we're digging our own hole  
in the dirt  
lemon and corona  
girlfriend in a coma  
try to  
sleep it off  
we'll always have tomorrow  
stay inside forever  
hiding the agenda  
tv on and maybe  
we can kill the cold  
we'll put on our own show  
together or solo  
a video-window  
to the world  
not at all forever  
it's so easy-going  
here's a happy ending  
nothing is forever  
always understanding  
very solid planning  
not today and not tonight  
and not tomorrow

just for the occasion  
put a happy face on  
tv off and maybe  
we can fill the void  
we'll put on our own show  
together or solo  
a video-window  
to the world  
not at all forever  
it's so easy-going  
here's a happy ending  
nothing is forever  
how to feel about the future  
though we liked it so  
in a desperate way  
tell me all about the future  
is it yours or mine  
is it hard to find  
for it goes to show  
it's ahead of now  
oh oh
