"Hide Away"

Hide away
hide away
turn your face from the sun.
Little boy
hide away
for the game has just begun.
Hide away
hide away
hiding back of the door

for the race in your eyes

and beliefs you're living for.

Ev'rybody ev'rywhere
we are all together there
looking for an answer and a way.
Ev'ry colour ev'ry mind
looking for a way to find
happiness to live with us each day.

Hide away
hide away...

Ev'ry woman ev'ry man
working out his privat plan
how to make the tension come to cease.
Ev'rybody ev'rywhere
come together as we share
and we find the answer lies in peace.

Hide away
hide away...
