Today I heard my favorite song on the radio  
I close my eyes and saw our first hello  
And then I saw the time we fell in love  
In each others' arms  
I open my eyes and you were gone  
Suddenly I realized how I love you so  
And how I get surprised without your love  
Since the time we said goodbye  
It's hard to make you stay  
How I wish you'd never go away

CHORUS:

Don't say goodbye  
It's hard to let you go  
Tomorrow seems so far away for me to know  
If you and I will always be in love forevermore  
Just leave me with the memories  
All alone  
All alone

Today I read your letters  
And waited for your call  
I wondered if you think of me at all  
And then I turn the radio on  
And heard our fav'rite song  
Then I knew you'll soon be coming home

CHORUS:

Don't say goodbye It's hard to let you go  
Tomorrow seems so far away for me to know  
If you and I will always be in love forevermore  
Just leave me with the memories  
All alone  
Don't say goodbye It's hard to let you go  
Tomorrow seems so far away for me to know  
If you and I will always be In love forevermore  
Just leave me with the memories  
All alone  
All alone

Today I heard our fav'rite song on the radio

All alone
