Still can't believe some of  
The things I never told  
I hardly touch the phone  
I don't know who to call  
You're my relief and you're  
The one who makes me cry  
I'm trying to figure out  
Some way  
To get on by

Cause I can change I'm not the same  
Not forever  
What can I say I'm not OK  
I wish I was  
I want you back I want a time  
I can remember  
It's as simple as I say  
I can change I'm not the same  
Not forever

So I got out at nights  
Take walks down easy street  
So talkative  
No matter who I see  
I wake up shaking  
Not alone but on my own  
I need some other guide  
To help  
Me get back home

Cause I can....

You want this part of me  
The songlines in your mind  
That's who I'm trying to be  
And that's what you will find  
If you just let me in take me back  
Closer than we ever were  
I promise it's for real

Cause I can...

I have changed I'm not the same  
Not forever  
What can I say I'd be OK  
And so would you  
If you came back if you were here  
You would remember  
It's as simple as I say  
I can change I'm not the same  
It's as simple as I say  
I can change I'm not the same
