I don't know what we have
but it's starting pretty bad
I'm on my way to go and lose my head

I don't know what you need
what you loath or what you breath
or what you got to show right from me
seasons never changed without you

And even if it snows in the middle of July
oh I still will wait to summer
when I see you, when I see you

I might get used, so could you
and I could do it at the truth
I don't want somebody you used to be

Things can change, so could I
Sudden spring to summertime
It's easy if you blend in with the breeze
seasons never changed without you

And even if it snows in the middle of July
oh I still will wait to summer
when I see you, when I see you
I don't know if I'm too romantic

Or maybe I'm just close to getting on
Oh I can't help what I'm about to say
I need you, oh I need you

Seasons never came without you

And even if it snows in the middle of July
oh I still will wait to summer
when I see you, when I see you
I don't know if I'm too romantic

Or maybe I'm just close to getting on
Oh I can't help what I'm about to say
I need you, oh I need you
