Akira, 3, 2, 1

Mirrors they remind you of how different you are
Groping for, your consent
Agitates in presence of loquacious instances

Akira, gibbet's yours

Peers and friends exposed you to the infamy and scorn
While you tried, tried so hard
To be a better boy, a better friend, a better son
Efforts were in vain
So now just 3, 2, 1

Explode!

And now you know what they didn't know
I take it that you're a hero inside
And there's no stopping you now

Akira, 3, 2, 1

Thinks that he's a burden he will now apologize
Like he's done for so long
But now he apologizes for something that's yet to come
Rage has made in in so now just 3, 2, 1

Explode!

And now you know what they didn't know
I take it that you're a hero inside
And there's no stopping you now
Explode! And you're no longer the underdog
I take it they'll beg for mercy and more
And now they know were they're gonna go
Anata Baka!

Run!

3, 2, 1

Explode! And now they know what they didn't know
I take it that you're a hero inside
And there's no stopping you know
Explode! And you're no longer the underdog
I take it they'll beg for mercy and more
And now you know were you're gonna go
