Rings a bell but I'm not well versed
How am I supposed to fight them?
Strong enough to remain alive
Yet not enough to frighten them

Your beliefs brogught me to my knees
Now my own leper has reached your tongue
What made think we'd account your speech?
What did you mean by an armistice?

I'll pay the price that you say
And tomorrow we'll change it
I'll stay the ground where I lay
And tomorrow we'll make it

What if I learned the rules?
Wouldn't be enough to charm her?
But I am kept and confined
Locked in a cage they say that I'm fine

Your beliefs brogught me to my knees
Now my own leper has reached your tongue
What made think we'd account your speech?
What did you mean by an armistice?

I'll pay the price that you say
And tomorrow we'll change it
I'll stay the ground where I lay
And tomorrow we'll make it

Come now that I see you
All my mind and all my guts behold how much we both
will grow
Now that I feel you
Dance with me accordingly enlightening what we strive
to be
Now that I see you
All my mind and all my guts behold how much we both
will grow
Now that I feel you
Dance with me accordingly enlightening what we strive
to be

Whoever we want
Whenever we want we'll change it
But we must always be
Two to tango
