"Sit And Drink And Cry"

I come here every night
I drink till I get tight
I don't wonder why

I brought it on myself
I didn't need your help
It comes as no surprise

(Chorus)
There's something about a beer
In this here atmosphere
It's the perfect place
To go when you lose face
To sit and drink and cry

(Instrumental break)

Now there's people all around
They don't see me
Drownin' in my misery

No they never notice me
Like they never see
All these memories

(Chorus)
There's something about a beer
In this here atmosphere
It's the perfect place
To go when you lose face
To sit and drink and cry
