Ev'ry time I take a look
At the people all around me
They seem to be
At least to me
Like the undead walk on earth

And ev'ry step that I take
And ev'ry movement that I make,
I feel that I'm in danger
I feel that I'm the stranger
In a strange, strange land

Space invaders
I will never gonna shoot you
Never gonna, never gonna shoot you, come along
Space invaders

I will never gonna shoot you
Never gonna, never gonna shoot you, come along
Where do I belong?

Can you take me home?

So all you people take a look
At me, I'm the alien from outer space
See it in my face
Your solar system just ain't mine

And ev'rywhere you people go,
Devastation and destruction
It ain't my game
Completely insane
And so your game is over now

Space invaders
I will never gonna shoot you
Never gonna, never gonna shoot you, come along
Space invaders
I will never gonna shoot you
Never gonna, never gonna shoot you, come along
Where do I belong?

Can you take me home?

Space invaders

I will never gonna shoot you

Never gonna, never gonna shoot you, come along

Space invaders

I will never gonna shoot you

Never gonna, never gonna shoot you, come along

Where do I belong?

Can you take me home?

Space invaders

I will never gonna shoot you

Never gonna, never gonna shoot you, come along

Space invaders

I will never gonna shoot you

Never gonna, never gonna shoot you, come along

Where do I belong?

Can you take me home?
