This was a triumph  
Im making a note here  
Huge success  
Its hard to overstate  
My satisfaction

Amateur science  
We do what we must  
Because we can  
For the good of  
All of us except  
The ones who are dead

But theres no use crying  
Over every mistake  
You just keep on trying  
'till you run out of cake  
And the science gets done  
And you make a big gun  
For the people who are still alive

Im not even angry  
Im being so sen sire right now  
Even though you broke my heart  
And killed me  
And tore me to pieces  
And threw every piece into a pile  
As they burned it hurt because  
I felt so happy for you

Now these points of data  
Make a beautiful line  
And we're out of data  
We're releasing on time  
So, and when i got burned  
Think of all the things we learned  
For the people who are still alive

Go ahead and leave me  
I think i prefer to stay inside  
Maybe go find someone else  
To help you

Maybe Black Mesa  
That was a joke  
Haha, fat chance  
Anyway, this cake is great  
Its so delicious and moist

Look and im still talking  
When there's science to do  
And i look up there  
It makes me glad im not you  
Iv got expirements to run  
There is research to be done  
On the people who are still alive

And believe me i am still alive  
Im doing science and im still alive  
I feel fantastic and im still alive  
While you're dieing ill be still alive  
And when your dead i will be still alive  
Still alive  
Still alive
