My sleeping beauty
Im right beside you you you....
Feeling your heart beat
Are you now my girl
Day on the street yeah..
As long as i live
wake up and tell me
what is what you dream
feeling useless, you are my only girl
Six months and you are still my sleeping beauty

You don?t talk
but you are a miracle
so peacefull like
a beautiful angel
you are my only love

Feeling your heart beat
Are you now my girl
Day on the street yeah..
As long as i live
wake up and tell me
what is what you dream
feeling useless, you are my only girl
