I insist
that you are in love my lover
you passed out
and I didnt even noticed
I think in position when I see your eyes
Froyd will be very,very,very mad

So,so,so,so..(no entiendo ni madres)
So,so,so,so...here in my mind

Lovely, lovely time is nothing but (lovely)
Lovely, lovely time is nothing while (lovely)
Lovely, lovely time is nothing but (lovely)

You're a host of a ghost
You're a host of a ghost
You're a host, you're a host of a ghost
You're a host of a ghost, of a ghost, of a ghost..

Lovely, lovely time is nothing but (lovely)
Lovely, lovely time is nothing but (lovely)...
(Lovely time..)

You're a host of a ghost...
