Tonight I'm all alone in my lonely room
Outside the rain is cold and slowly fallin'
And when I close my eyes that's when I realize
Inside me something keeps callin'.

I'm cryin' loud loud loud and can't be heard
Oh, you should see these teardrops fallin'
I'm cryin' loud loud loud it can't be heard
Darlin', can't you hear my heart callin'
(Callin') callin' (callin')
I'm cryin' loud and can't be heard.

--- Instrumental ---

Callin' for my love my one and only love
I've cried till my pillow's wet with tears
No matter what you've done you're still the only one
So please come back and dry these tears.

I'm cryin' loud loud loud and can't be heard
Oh, you should see these teardrops fallin'
I'm cryin' loud loud loud it can't be heard
Darlin', can't you hear my heart callin'
(Callin') callin' (callin')
I'm cryin' loud and can't be heard...
