Howdy neighbor howdy get out and come right in
We'll make a bowl of gravy to sop your biscuits in
Boil a pot of coffee and bake a big fat hen
Cook another country ham to feed a hundred men.

Drive your wagon in the yard and turn your donkey
loose
Kick that old hound out of the way and watch them
fighting goose
So howdy neighbor howdy come in and sit right down
Come on and tell us all the news how are things in
town.

--- Instrumental ---

Drive your wagon in the yard and turn your donkey
loose
Kick that old hound out of the way and watch them
fighting goose
So howdy neighbor howdy come in and sit right down
Come on and tell us all the news how are things in
town...
